About Partners in Congress Organisation

Partners in Congress Organisation (PCO) is an experienced full-service congress organisation. Our team has a great deal of experience in the organisation and coordination of all kinds of congresses. From large, scientific congresses to intimate corporate events and your association's membership administration. Large, small, one day, multi-day, national or international. We organise events across all over Europe. We can take on all of the work; from participant registration to completion. Organisation is in our blood. You can of course let us deal with elements of your organisation; whatever suits you.

Your congress is in good hands with Partners in Congress Organisation. Our knowhow and experience, proactive attitude, understanding and accurate methods are our distinguishing features. We will discuss your wishes and options and advise you on what is best. With us, 'good enough' is simply never good enough; our aim is to surpass your expectations. A unique feature of PCO is that we take a multidisciplinary approach. Our knowledge and experience is far-reaching; from communication and financing to registration, abstract and exhibition handling, secretarial work and on-site management. With passion and drive we deal with all services down to the finest detail. Because that is what we are good at. PCO makes every congress an inspiring event.

Driven by passion, we deliver custom work for every request. We think that a great understanding of our client's wishes is a must and not a preference. We think proactively along with you, which means you will never be confronted with any little surprises. A transparent approach is the key to success. You will benefit from the qualities of an enthusiastic and committed team with an accurate way of working and a huge amount of comprehensive knowledge. Passion and humor are two factors that we consider to be very important in our work. Our working methods are transparent, honest and have proved reliable. We fulfil your wishes. And hopefully go a little further than you might dare to hope.
