## About Van Nelle Fabriek Events B.V.

### Van Nelle Factory

The Van Nelle Factory (1930) is a textbook example of The New Building. Light, air, space, proximity to greenery, safety and exercise were central to this architectural style. The main building consists of three parts: the tobacco, coffee and tea factory. Characteristic are the facades of glass, concrete and steel. Daylight flows in on every floor.

Nowadays the Van Nelle Factory is a unique events location and a business complex. In the past, tobacco, coffee and tea were produced there and tobacco was still made well into the 1990s. The factory was renovated in 2000 and in 2014 the Van Nelle Factory was awarded *UNESCO World Heritage* status.

### Event location

Surrounded by history, every meeting in the Van Nelle Factory becomes special. The location offers 2 large event rooms and 7 meeting rooms with fixed configurations, a large outdoor area and support in technology, catering and furnishings. The building is sustainable in every detail and very accessible to everyone. With its industrial and blank appearance, the Van Nelle Factory is a beautiful backdrop for every conceivable setting. From international conference, chic gala dinner, product launch or festival to meetings and training. The Van Nelle Factory can be transformed into whatever atmosphere you desire.

You will recognize the Van Nelle Fabriek Events team by their boundless energy and professionalism. They are your remote colleague. If desired, they can help develop a new concept or take over the entire organization. Their ultimate goal: always happy clients and even happier guests.

### Easily accessible

You are also in the right place here in terms of accessibility. The location has its own parking lot and is located between three highways. You can easily reach the Van Nelle site by car via the A13, A4 and A20.
